

# Site Location: Southwest Margaree

The highlighted pink area represents the predicted coverage for the upgraded tower location.  
This information is accurate as of July 2024.

## Legend

- Predicted coverage
- Rogers Towers For Upgrade

### Disclaimer:

The highlighted pink area represents the predicted coverage for the upgraded tower location. Several factors impact cellular connectivity, including proximity to cellular towers, building materials (thick walls, metal structures, energy-efficient windows, etc.), obstacles (trees, hills, buildings, bridges, etc.), network type (3G/4G/5G), and weather conditions.
